Digital Citizenship Awareness Poster

<u>Challenge</u>

HK High School is having a poster competition that promotes Digital Citizenship Awareness. You will use Google Drawing to create a poster that includes powerful images and statistics.

<u>Poster Topics</u>

- Social Media (interacting with others)
  Focus - appropriate and inappropriate use (how is it a good tool? / problems if it is abused?, cyber bullying, affective domain)

- Privacy (protecting yourself)
  Focus - identity theft / privacy settings / how to protect yourself?

- Fair Use & Copyright (academic use, intellectual property, copyright, piracy, plagiarism)
  Focus - Dos and don'ts?

<u>Process</u>
1. Plan your Poster
   1. Use the Articles On Topics for background information, poster ideas, and facts / statistics
   2. Complete the Poster Planning/Research Sheet
   3. Sketch out your poster design on a separate sheet of paper.
   4. Include placement of images, text, colors, symbols, etc.
   5. Get Approval from Teacher
2. "Create" a Drawing in Google Drive (view screencast)
   1. a_digitalcitizenship_lastname
   2. If you have a partner, share it with them.
   3. Put into "Folder" shared with your teacher.
   4. **ALL images on poster must be user generated!**
3. Create Digital Citizenship Awareness Poster based on your Poster Ideas Sheet
   1. You must create the images
      1. Take a photo or screenshot and upload to Google Drive (screencast)
         - How to take a screenshot on an wireless device?
           - ipod/iphone: Power Button+Home Button
           - android: Power Button+Down Volume
   2. Use drawing tools

This project was created by and adapted from West Hills Global Studies website.

> 3. Include your 3 facts appropriately
> 4. Have a clear slogan
> 5. Tell the viewer what he/she can do to be a good digital citizen.

4. Save to your student drive and copy and paste into your folder inside Graphics 1 on student commons
5. Create Reflection Document in word (1 paragraph) describing why you chose your topic and why the elements in your poster successfully communicate your ideas.

Examples:

Below are examples of student created posters. Examine the posters: Consider the layout, color, use of facts, and overall message. Some of these posters demonstrate one or several of these elements.
