

Photoshop Video Set #2

1. Click on the links to watch each video.
2. Open one of the furry animal images within the student commons folder.
3. Select the animal and place it into another picture that you find on the web.
4. You must make 3 different animal images.

Watch the videos titled "Select Part of an Image", and "Making Fine Hair Selections"

<https://helpx.adobe.com/photoshop/using/making-selections.html>

5. Optional-Add text to your animal image to make it a funny meme.
6. Print and submit your three animal images.
